**REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT
UNDER 37 C.F.R. §1.323**

Sir:

This is in response to the Post Issue Communication letter dated April 20, 2006. This letter is to Request for Reconsideration of Certificate of Correction.

In order to respond to the request of the Patent and Trademark Office, the Abstract of the above-identified patent has been reduced. The Abstract has been amended as follows:

(1) On the front page of the patent, replace the Abstract with the following Abstract:

--An enclosure is provided which supports a lever handle which can be positioned to a first position which allows a plug to be inserted into or removed from a receptacle and a second position which prevents the plug from being inserted into or removed from the receptacle. The enclosure also supports a switch handle which is coupled to a switch within the enclosure, and to the lever handle. When the lever handle is in its first position, the switch handle and the switch are locked to their "off" positions. When the lever handle is in its second position, the switch handle and the switch are free to be positioned by a user either to their "off" positions or "on" positions.--

The Certificate of Correction (Form PTO/SB/44) is attached indicating the change.

The mistake is minor in character and does not constitute new matter or require reexamination. Correction under 37 C.F.R. § 1.323 is respectfully requested.

The Commissioner is hereby authorized to charge the fee of \$100.00 under 37 C.F.R. § 1.20(a) to Deposit Account No. 50-1561 of Greenberg Traurig, LLP. Any deficiency in or overpayment of fees in connection with this Request should likewise be charged or credited to Deposit Account No. 50-1561 of Greenberg Traurig, LLP.
